

**AMENDMENTS TO THE SPECIFICATION**

Paragraph [0029] please amend as follows:

[0029] It should be noted that although FIG. 5 depicts a 4-transistor (4T) configuration with a transfer transistor 26, the invention can also be practiced with a pixel cell having a 5-transistor (5T) configuration, and also to pixel cells with other transistor configurations. For example, pixel cells with six transistors (6T) or seven transistors (7T) are also within the scope of the invention.
